

Driven by safety.

Designed for great winter performance.

- ❄ Shorter stopping distances on snow
- ❄ Improved directional control and handling in dry conditions
- ❄ Extended mileage

EURO ❄ FROST VAN

Driven by safety. Designed for great winter performance.

Highlights

Shorter stopping distances on snow.

The high number of sipes in an optimum alignment improves the grip of the tyre on snowy roads. This leads to shorter stopping distances on snow.

Improved directional control and handling in dry conditions.

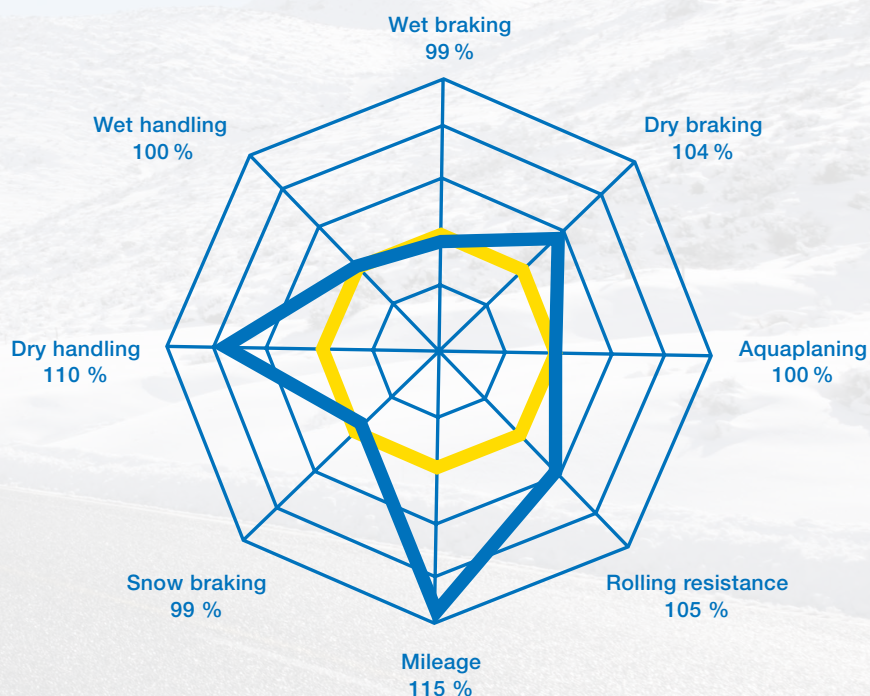

Tiebars in the shoulderblocks and rounded edges in the outer tread grooves prevent the edges of the tread from rolling in. This improves the directional control and handling in dry conditions.

Extended mileage.

The high-mileage compound and non-studdable tread achieve optimum distribution of rigidity. This results in extended mileage.

195/60 R 16C	99/97	T	E/C/2/73
195/65 R 16C	104/102	R (100T)	E/C/2/73
195/75 R 16C	107/105	R	E/C/2/73
205/65 R 16C	107/105	T (103T)	E/C/2/73
205/75 R 16C	110/108	R	E/C/2/73
215/65 R 16C	109/107	R (106T)	E/C/2/73
215/75 R 16C	113/111	R	E/C/2/73
225/65 R 16C	112/110	R	E/C/2/73
235/65 R 16C	115/113	R	E/C/2/73

EU label values:

E/C/2/72 = fuel efficiency / wet grip /
external rolling noise (class/decibels)

LI = Load Index

SI = Speed Index

Speed Index:

R = up to 170 km/h (106 mph)

T = up to 190 km/h (118 mph)
